ABOUT THE EVENT

ChemIndix 2024, a prestigious technical event organized by the Chemical Research & Innovation Society (CRIS) and Exhibited by Saudi Aramco, is renowned throughout the Middle East and draws esteemed professionals from academia and industry worldwide. Scheduled for 26th - 28th November, 2024, at the Dhahran Expo Convention Centre in Dhahran, Kingdom of Saudi Arabia, the conference is centred on the theme "Shaping the Future through Sustainability Solutions." It aims to address critical challenges in the regional and global oil, chemical, and energy industries, with a focus on Flow Assurance Chemicals, Fuels & Chemicals, Materials Discovery, Sustainability Solutions, Oil/Gas Field Chemicals, and Digitalization in the Oil & Gas Industry. Participants can anticipate a dynamic forum that includes diverse seminars, panel discussions, keynote speeches, technical sessions, and an enriching exhibition.

OUR PURPOSE

- To be a leading forum for scientific advancement and innovation in the chemical industry, driving breakthroughs and solutions for a sustainable future.
- Providing a collaborative platform for knowledge exchange between academia and industry.
- Showcasing cutting-edge advancements and technologies.
- Addressing critical challenges in the regional oil and chemical industries.
- Nurturing the development of a skilled workforce for the chemical sector's future.

STRATEGIC OBJECTIVES

- Attracting top researchers and industry experts as keynote speakers and presenters.
- Facilitating global networking opportunities through diverse forums and exhibitions.
- Encouraging the participation of young scientists and students.
- Showcasing innovative, sustainable solutions aligned with our conference theme.

EXHIBITION OVERVIEW

The exhibition at **ChemIndix 2024** is set to be the largest platform of its kind, featuring large number of sponsors. It serves as a premier venue for local, regional, and international vendors, suppliers, and companies to showcase their latest products, services, and innovations. Designed to attract a diverse audience, the exhibition targets more than 1,000 attendees each day and hosts over 70 exhibition stands. This dynamic setting provides an ideal opportunity for industry leaders to engage directly, explore emerging trends, and discover new business opportunities, fostering connections and promoting growth within the chemical industry.
